Department, Annette Hindborg,
ext. 1440.

FIRM PRICES AT THE JUNE AUCTION

→

At the June auction, Copenhagen Fur sold 4.5 million mink skins at firm prices compared to the auction in April. Compared to the recent auctions in North America and Helsinki the mink skins fetched a significant rise in price.

During the six selling days, more than 500 international customers attended the auction. Hong Kong and China were represented by approximately 300 customers. The total of 4.5 million mink skins fetched DKK 254 on average, which is the equivalent of USD 53. Females were in greatest demand and prices went up 2%, whereas males dropped 2%.

Besides mink, a small offering of foxes was sold. Blue foxes were sold at firm prices, whereas the larger silver fox skins fetched a significantly higher price. Yet again chinchilla had a fantastic sale with the top price reaching as much as DKK 1,310.

RECEPTION

Please note that the reception at Copenhagen Fur is closed on all Fridays in August until 29 August inclusive.

CLOSING TIMES IN AUGUST
