## September auction

Exchange rate DKK 100 = USD 19.10

Kopenhagen Fur opened the second day of the auction with an offering of Pearl mink. The skins were in great demand and prices for males and females rose 10% and 9% respectively. Golden Pearl females fetched 11%.

Palomino males were sold at firm prices, whereas the price of females rose 4%.

A small offering of Redglow mink was sold at high prices.

Black Cross males were sold at firm prices. Females had a fantastic sale with prices rising as much as 30%.

Also at today's auction breeders and lowgrades fetched proportionally high prices.

Yesterday's offering of Russian sables was sold at high prices.
