More than 500 customers attended Kopenhagen Fur's September auction and as many as 300 customers came from China and Hong Kong.

September auction was sales director Erik Neergaard's final auction after 44 years in the company. On that occasion Kopenhagen Fur put a special lot of the finest Purple skins up for auction. The income from the sale of this lot will be donated to Kopenhagen Fur's charity project in Namibia. It was Robert Lam from Happy Part Trading Co. who received a hammer stroke on his bid on 11,000 DKK per skin. This means that Kopenhagen Fur's charity club gets 550,000 DKK to be used to give the poorest children in Namibia a better life.
